Contact Details: Tel: +264 61 306 501/5 | Fax: +264 61 306 506

ABOUT US:

The Kongom Group has a supply chain solution that has been part of the Namibian business landscape for more than 10 years. As a group, our clientele transcends different sectors of the economy including procurement, logistic, mining, engineering and civil construction. **The Kongom Group (Pty) Ltd** sources and coordinates delivery of quality materials and services to support Namibian projects.

OUR VALUES:

Integrity: Through Inspiring trust and confidence through maintaining ethical and professional standards in how we conduct business, by upholding transparency and taking responsibility for our actions.

VISION:

“To be the preferred Supply Chain Solutions Company in Namibia and across Southern Africa”

MISSION:

To provide customized end-to-end supply chain service and ensuring that, the results are delivered in a manner that meet or exceed service levels whilst optimizing costs.

To maintain relationships with Suppliers and clients/partners based on trust and integrity.

SERVICES:

- Procurement
- Strategic Sourcing & Projects
- Logistic
- Procuring contracts
- Packing & Storage Services;
- Transportation;

BENEFITS:

- We are local and have a clear understanding of all local requirements and the regulations in terms of company Acts.
- We build tailor made solutions around our clients;
- **The Kongom Group** approach is centred on a “partnership” integrating the supply chain and entails becoming a key component of the business with an “open book” approach and joint accountability for results.

OUR COMMITMENT:

The Kongom Group is committed to its clients through procuring material & equipments for any company in Namibia from a roster of existing suppliers. Our team’s efforts is Cost effective and finding quality products with on-time delivery.

The Kongom Group will ensure the safe transportation and delivery of all procured material items and/or goods, from the point of departure, i.e. Internationally, Regionally or locally sourced.

Our team will engage that service of the reputable shipping company for all the goods procured overseas. Our company would however retain the responsibility of ensuring proper control of the materials to the point of embarking, negotiating shipping, negotiating freight rates and compliance with both import-export regulations.

Through working with our suppliers, we seek to create value for our mother company as well as our partners, by developing a platform for long-term collaboration and success.

THE TEAM:

Our procurement team is manned by well-trained employees. They are tasked with ensuring the customer satisfaction at all time, quality assurance as well as timely delivery. We believe that these are the vital blend toward building a successful entity.

The company is spearheaded by managers with wealth of experiences and acumen to success. They have the necessary technical know-how in different fields, such as in Marketing, Sales, Supply Chain Management and Accounting.

OUR CURRENT CUSTOMERS:

Currently, the company is supplying to the following clients:

- Namibia Central Government Store
- Directorate of Education: Khomas Regional Council
- Tecnonam (Pty) Ltd – Okatana bridge construction project
- Ministry of Land & Resettlements
- Ministry of Safety & Security
- Ministry of Defence: August26 (Pty) Ltd

SOCIAL RESPONSIBILITY:

As part of our social responsibilities, we look at assisting with the development programme in the rural communities by providing learning materials and teaching aids to schools.

Our company is firmly committed to the policies of Corporate Governance and adheres to strict business ethics that foster integrity, respect, honesty, openness and transparency in our daily business activities with our stakeholders.

NG3700

Fine Mini scraper for internal scraping
Blade BD5010

NG3710

Fine internal scraper for deburring
bottom side of holes
Blade BD6610

EO1000

Disposable burr tool. With S 10
blade

RB1000

Rapid burr aluminium handle
With S 10 blade

NG3800

Leader Burr. External
chamfering tool.

NG3100

Countersink with 20mm $\varnothing$
countersink.

NG1200

Roto-drive countersink.
Cranked bit holder with 10.4mm $\varnothing$ countersink.
The quickest way to chamfer by hand

NG3400

Roto-drive countersink
Cranked bit holder with 20mm $\varnothing$ countersink.
The quickest way to chamfer by hand

Continued ...

...Continued

NG3500

Chamfer the OD on bars and tubes
Range 8-28mm

DB1000

Double Burr for sheet metal.

NG3300

Keyway deburring tool.

Blade CR6000 - soft 65°
CR6100 - hard 75°

NC5100

Handle with ceramic blade for soft abrasive plastic.

NC5200

Handle with ceramic blade for hard abrasive plastic.

NC5000

Handle only.

BLADE : BT1200

SC1500

Heavy duty adjustable scraper

Blade 7.4mm x 120mm

BLADE : BT8001

SC8000

Adjustable scraper

Blade 4.2mm x 80mm

RC1000

Range 3-5.5mm $\varnothing$

RC2000

Range 5-9mm $\varnothing$

RC2200

Range 10-22mm $\varnothing$

TA HORIZONTAL/VERTICAL ROTARY TABLES

Worm drive hardened and ground. Graduated through 360°. One turn of the handle moves the table 4°.

Stock code	Table Ø mm	Height mm	Base mm	Centre sleeve MT	Worm gear ratio
HVRT150	150	78	220x160	2	90:1
HVRT200	200	110	310x225	3	90:1
HVRT250	250	110	320x280	3	90:1
HVRT300	300	140	410x325	4	90:1
HVRT350	350	140	460x380	4	90:1
HVRT400	400	150	510x435	5	90:1

Note: Supplied without indexing plates or lathe chuck

TA SEMI-UNIVERSAL DIVIDING HEAD

Dividing ratio: 1:40. Base and head block - stabilized cast iron. Head stock spindle - chrome nickel steel, hardened (HRC 60) and ground. Standard accessories: Indexing plates and tail stock.

Stock code	Centre height mm	To suit lathe chuck Ø mm	Height mm	Width mm
SUD100	100	100/125	173	140
SUD128	128	125/150	220	156

Note: Supplied without lathe chuck.

TA UNIVERSAL DIVIDING HEADS

With gear train for spiral milling.

Dividing ratio: 1:40.

Base and head block - stabilized cast iron.

Head stock spindle - chrome nickel steel, hardened (HRC 60) and ground.

Standard accessories: Gear train, tailstock and indexing plates.

Stock code	Centre height mm	To suit lathe chuck Ø mm	Height mm	Width mm
UD132.7	132.7	150/180	236	272

Note: Supplied without lathe chuck.

CNC ROTARY TABLES

Bronze /Nickel worm wheel with case hardened steel worm screw.

Multi point pneumatic brake system. Interfaces as either a true fourth axis or as a M-code indexer.

Stock code	Table Ø mm	Centre height mm	Height when horizontal mm	Bore Ø mm H7	Gear ratio
CNC-200	200	160	165	35	1:90
Indexing unit	Max RPM	Indexing accuracy	Repeatability	Max load horizontal Kg	Max load vertical Kg
1.001°	22.2	A/25"	43"	200	100

Note: Fitted standard with a FANUC servo motor. Also available with Meltas, Siemens or Heidenhain motors.

Indexing accuracy class AA/6" and S/50" also available on request

Additional receiver, power, voltage, and pressure options available on enquiry.

NUAIR NUAIR SCREW COMPRESSORS

MERCURY 5.5kW

Poly-V transmission guarantees long life and minimum maintenance. Low speed of the air end guarantees reduced wear and extended lifespan. Designed for 24 hour continuous use. Compact design results in excellent access to internal components thereby allowing ease of maintenance. Low noise level allows installation of unit near to the work site.

exact PIPE CUTTING SYSTEM

Pipe Cutting System

The Exact pipe cutting system is designed and made for professional use. All pipe cutters are lightweight and easy to carry and operate on-site. You can use the Exact pipe saws to cut steel, plastic, copper, cast-iron, stainless steel and multi-layer pipes. In our product range we have also special pipe saws for cutting ventilation pipes and for cut and bevel plastic pipes in one process/rotation. Our pipe cutting systems have been used for over 10 years and our patented technology has been used globally by many world-leading brands. You have everything you need in one handy shoulder bag.
